

Registration Form

Balloonowledge 2012

April 13-15, 2012

Balloonowledge is taking on an all new look for 2012. Working in connection with the BFA's Hot Air Competition Division, we are also offering a **Competition Symposium** and, working with Jeff Chatterton of Checkmate Public Affairs, we are presenting **Crisis Management and Media Communications for Balloon Events** as mini-seminars on Friday, April 13, 2012. These two sessions are stand-alone programs and each requires a separate registration fee. Safety Seminar sessions start on Saturday and run through noon Sunday and offer a wide range of educational interactive sessions aimed at sport, commercial operators and competitive pilots and crew. Balloonowledge 2012 has applied for BFA sanctioning as a 'core subjects' seminar offering a wide selection of core and breakout topics.

PLEASE PRINT LEGIBLY (one applicant per form)
